EXAMINER'S AMENDMENT

1. This action is in response to the amendment filed on June 9, 2004 and the interview conducted on September 7, 2004 (Interview Summary attached).

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-31, 37-44, 46-49, 51-54, and 56-97, drawn to Network Resource Allocating, classified in class 709, subclass 226.
 - II. Claims 32-36, 45, 50, and 55, drawn to Remote Data Accessing, classified in class 709, subclass 217.
3. During a telephone conversation with Marc Hanish (Applicant's representative) on September 7, 2004, a provisional election was made with traverse to prosecute the invention of Group I, claims 1-31, 37-44, 46-49, 51-54 and 56-97. Applicant in replying to this Office action must make affirmation of this election. Claims 32-36, 45, 50, and 55 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Marc Hanish (Applicant's representative) on September 7, 2004.

5. The application has been amended as follows: Claims 32-36, 45, 50, and 55 are cancelled.

Allowable Subject Matter

6. The following is a statement of reasons for the indication of allowable subject matter: Claims 1-31, 37-44, 46-49, 51-54, and 56-97 are allowable.

Although the "HUP packet" is not a known standard term in the art and the applicant is able to be his/her own lexicographer, the examiner addresses the definition in the specification, "a special payload called a HUP packet will be appended to the SYN packet. The HUP packet will contain the full url of the http address being requested" (page 12, lines 4-6), for supporting the reasons for allowance. Prior art of record does

not disclose, teach, or suggest "wherein the distance field is utilized upon receiving a request, said request including a SYN packet and an HUP packet" and therefore the claims 1-31, 37-44, 46-49, 51-54, and 56-97 are found allowable over the prior art of record.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

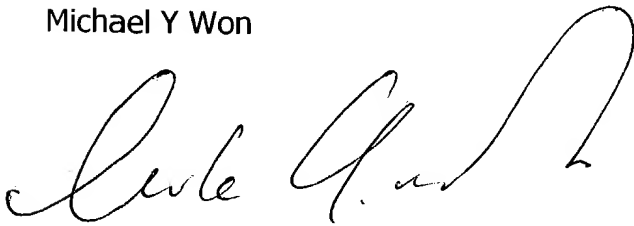

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Y Won whose telephone number is 703-605-4241. The examiner can normally be reached on M-Th: 6AM-3PM.
